

Aichi University of Education (Aichi Prefecture)

Sophisticated and practical education/training in place

◇ University overview

① Characteristics and history

The mission of Aichi University of Education is to contribute to world peace, human welfare and advancement of civilization through its commitment to liberal arts education and academic research in our effort to nurture clear-sighted and well-balanced.

Faculty of Education consists of two programs; Pre-service Teacher training program and Training Programs for Educational support professionals. In the former, teaching license is the graduation requirement and in the latter, the students will be specialist to support children's education along with teachers.

Graduate School of Education is divided into 2 programs; Program for Advanced Education Practitioners and Program for Advanced Education Colleagues. They are designed to improve the quality of school education while cooperating with schools, communities and education-related institutions. In addition, to foster research skills for educational practice of in-service teachers, people involved in education as well as ordinary people.

There are affiliated schools of all categories for educational practices; primary schools, junior-high schools, a high school, a special support school and a kindergarten. The university is located in Kariya where Toyota group companies and other manufacturers are found. It is also an ideal environment for technology education.
